

**THE SEINE CHAIN**

Located on a peninsula on the rugged shores of Banning Lake, we're in the center of the Seine Chain of Lakes - one of Northwestern Ontario's premier fishing systems. The Seine Chain offers over 5 lakes spanning 30 miles of terrific arctic watershed fishing opportunities. Diverse waters provide excellent fishing - smaller and larger lakes, "river" channels with currents, numerous weedy bays, reefs and islands - and depths ranging from shallow to over 200 feet! All navigable from our docks without getting out of your boat!

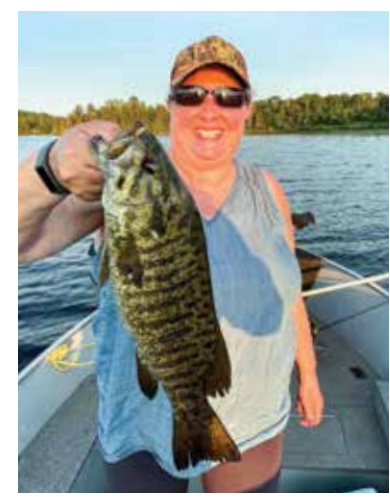

The smallmouth fishing on the chain is world class – tons of action and loads of trophies. The system is known for a strong annual walleye spawn – the eyes are plentiful and offer up a delicious Canadian shore lunch. Pike abound throughout – lots of smaller ones for action, but many trophies each year. And if you love panfish, go after our tasty black crappie & yellow perch.

**PORTAGE LAKES**

We also offer our guests literally dozens of off system "daytrip" lakes also featuring all the Seine species plus some fantastic lake trout fishing. Trailer to, or walk or drive to a boat cache. Want to fish a different lake every day? Not a problem. If you like having some variety in fishing along with a little adventure then we have the place for you!

**QUETICO & WHITE OTTER CANOE TRIPS**

Experience the Canoeing Capital of Canada featuring the world famous Quetico Park & White Otter Wilderness. Welcoming paddlers from around the world, we offer partial canoe trip outfitting & canoe rentals.

**AMERICAN PLAN OR HK FISHING PACKAGES**

Our fishing packages are designed for maximum fishing action.

All of our modern cabins are equipped with full kitchens for our HK package guests.

Our American Plan groups enjoy delicious, all you can eat home cooked meals...breakfast and dinner in our lodge, and a box lunch (or fixings for shore lunch) for the water or woods. All the comfort foods you expect and we're happy to accommodate any dietary requirements.

We provide the equipment you need to make your Canadian fishing trip a success. Our Lund Fury boats feature a 40 HP Yamaha electric start outboard, flat bottom, pedestal seats, casting deck, bow mounted / foot pedal controlled trolling motor, live well and Garmin depth finder. Rubber landing nets, bait buckets, ice, maps and unlimited outboard gas and live bait to get the job done!

All packages include use of portage lake boats and trailers for trailer to lakes.

**CABINS**

When you're done your day of fishing, you can expect to stay in clean, modern lakeside cabins with all the amenities of home. 1,2,3 & 4 bedroom cabins accommodate any group size. We've been around a long time, but you'd never know it from our facilities! Sure air conditioning, wifi and satellite TV seems like cheating a bit, but hey - why not?

**SYSTEM ORIENTATION**

Self-guided fishing package guests enjoy the benefits of our years of experience on the Seine with an on the water system orientation. We actually take you out on the water and show you how to navigate through various channels, point out fishing holes and review the operation of the equipment along with any other questions you have.

**GUIDES**

We use experienced local freelance guides with terrific knowledge of area lakes and fishing techniques. Advise us early if you want a guide and we will do our best to schedule. The guests pay the guide directly.

**QUETICO BREWING COMPANY**

Even if you're not doing our American Plan package, plan to spend some time in our comfortable lodge ("The Wanigan"). Whether you sit inside the dining room or outside on our spacious licenced patio, you'll enjoy a beautiful view of Banning Lake. It's the perfect spot to take in our legendary sunsets and on some nights watch the Northern Lights! Enjoy a variety of mixed drinks from our bar – and make sure you sample some of our own delicious lodge brewed craft beer. A mouth watering a la carte menu is available and the lodge has games, books and a big screen TV if you want to watch the game over a pitcher!
